

Cloud storage at the push of a button.

CloudPack Connector for Nuance eCopy ShareScan.

The CloudPack® Connector for eCopy® ShareScan® is an advanced feature that allows documents to be scanned directly from a multifunction or dedicated scanner into a number of Cloud storage services using the eCopy ShareScan 5 front-end. By using this connector you can authenticate with your existing Google®, OneDrive®, OneDrive for Business, or Dropbox® account and allow users to select which folder to store the scan in.

The result: fast and secure scanning to the cloud at the press of a button.
